# About Ecommerce News

## Who we are and what we do

[Ecommerceneews.eu](http://Ecommerceneews.eu) was founded by bloggers who write online on a daily basis for years now. The best example is our Dutch ecommerce blog [Ecommerce News](#) (previously known as Webwinkel Weblog). In March 2013 we launched Ecommerce News Europe as the portal for cross-border European ecommerce news.

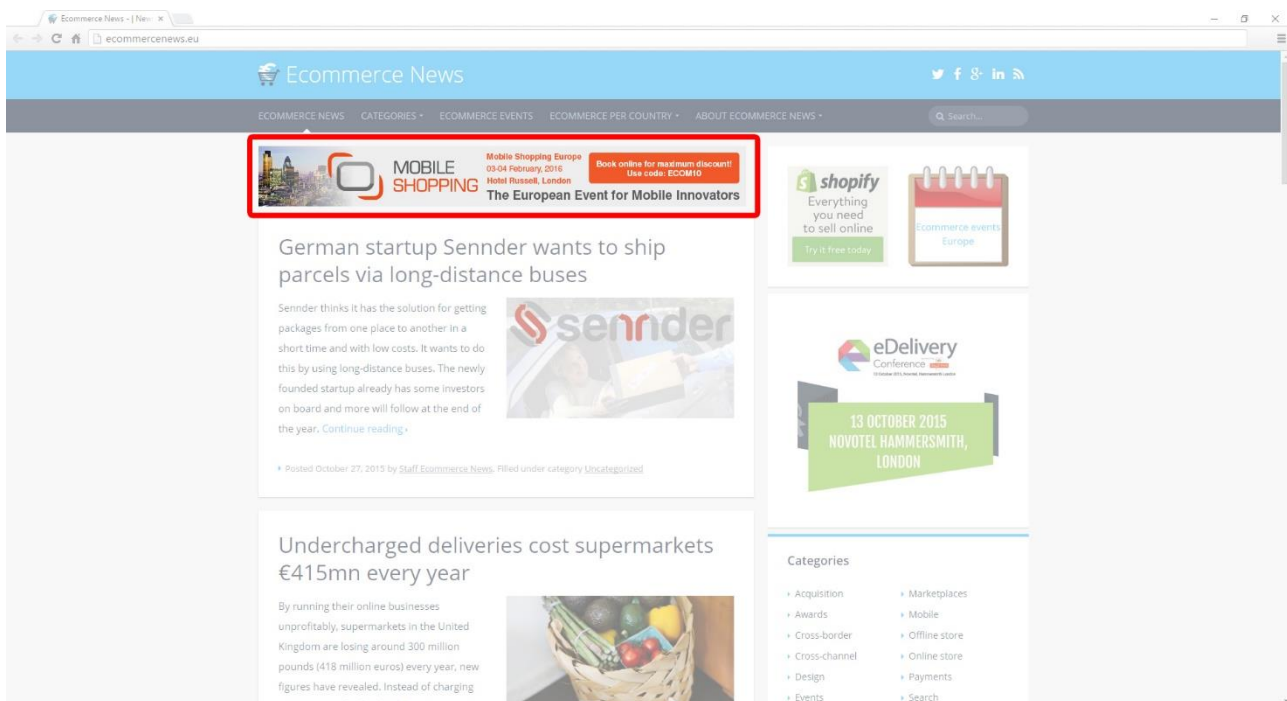

On a daily basis we inform online store owners and ecommerce managers about the latest trends, news, investments, acquisitions and statistics from the European ecommerce industry. Our website is growing every month and there are still no signs this growth will slow.
