# About Ecommerce News

## Who we are and what we do

Ecommerce News Europe was founded by bloggers who write online on a daily basis for years now. The best example is our Dutch ecommerce blog [Ecommerce News Nederland](#) (previously known as Webwinkel Weblog). In March 2013, we launched Ecommerce News Europe as the portal for cross-border European ecommerce news.

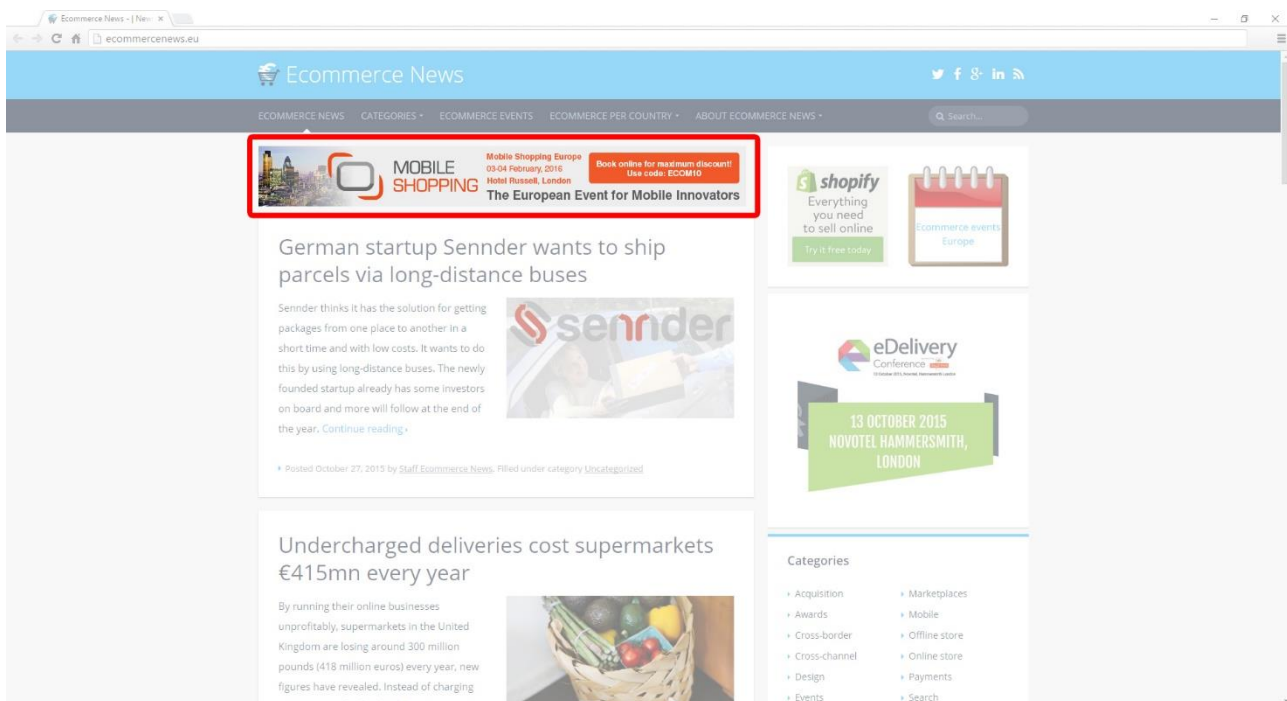

On a daily basis we inform online store owners and ecommerce managers about the latest trends, news, investments, acquisitions and statistics from the European ecommerce industry.
